OFFICE OF LEGISLATIVE COUNSEL

Friday - 16 February 1962

25X1 1. [ ] William Darden, Senate Armed Services Committee staff, called on behalf of one [ ] a constituent of Senator Richard B. Russell, who is engaged in a photographic venture. Darden said he thought some of our people might be interested in talking with [ ] I made arrangements for [ ] to be interviewed by [ ] of the Washington OO Field Office and later learned that [ ] has been in touch with the Agency for a period of two or three years. However, he did not disclose his association with us to Darden since he was under a general injunction not to reveal his relationships with the Agency. Later in the day I called Darden back and gave him the essence of this information since no appointment is necessary. Darden appreciated my following up on this.

25X1 2. [ ] Called Roger Atkin, in the Bureau of the Budget, in response to his request for informal Agency views on Commerce Department's proposal to extend the Export Control Act for an indefinite period. I advised Atkin that we were not directly concerned with this although we did have individuals who served as intelligence advisors to these boards and, therefore, we would have no objection to Commerce's proposal.

25X1 3. [ ] David Martin, on the staff of Senator Thomas I. Dodd, called to say that one of several items which Senator Dodd had asked him to check on was the Senator's statement to him that [ ] would like to see Mr. McCone. I told Martin I would look into this as soon as possible and be in touch with him sometime next week.

25X1 4. [ ] Robert E. Lee, State Department, telephoned to advise that he had been filled in by Mr. Welborn on the query from Representative Omar Burleson's office. After discussion it was agreed that he would write to Burleson indicating AFME was a private organization which receives no funds from Department of State. Apparently Burleson's man had told Lee that this was all that was required. We will receive a copy of this letter.
